

# 2025 Sponsorship

## 2025 Champion of Community Engagement

Midwest Energy Efficiency Alliance Inspiring Efficiency Awards

Transform St. Louis' built environment for a healthier, more efficient future.

### Why Support BE-Ex STL?

Building Energy Exchange STL (BE-Ex STL) is the region's premier hub for high-performance building solutions. We connect professionals with expertise, resources, and strategies to create sustainable, resilient, and efficient buildings that benefit **businesses, communities, and the planet**. Your support fuels real change by advancing energy efficiency, reducing emissions, and promoting equitable access to building performance solutions.

### Your Impact

With your sponsorship, BE-Ex STL will:

- › **Expand training & resources** for architects, engineers, and building owners.
- › **Support access** to high-performance building solutions in economically distressed communities.
- › **Advance St. Louis' climate & energy goals** through innovative programs and partnerships.
- › **Enhance workforce development** by connecting professionals with critical skills and opportunities.
